Dear Exhibitors,

It gives me immense pleasure to welcome you all to the Dhaka Int. Color & Chemical Expo 2026 (DCC 2026), an integral concurrent event of the Dhaka Int. Textile & Apparel Expo (DTA 2026), taking place from June 11–13, 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

As Bangladesh continues to strengthen its position as one of the world's leading textile and apparel manufacturing hubs, the role of chemicals, dyes, and auxiliaries has become increasingly crucial in enhancing quality, sustainability, and innovation across the value chain. This exhibition has been designed to create a dynamic platform where industry leaders, chemical manufacturers, dye producers, R&D professionals, and textile technologists come together to explore the latest technologies, eco-friendly solutions, and business opportunities.

ECO Expo remains committed to fostering global collaboration and creating a professional environment that drives the advancement of Bangladesh's textile ecosystem. I am confident that the Dhaka Int. Color & Chemical Expo 2026 will serve as a valuable meeting point for knowledge exchange, partnership development, and technological excellence.

We extend our heartfelt appreciation to all exhibitors, visitors, and partners for their continued trust and participation. Together, let us take another step toward a more innovative, sustainable, and competitive textile future.

Sincerely,  
Md Rajwanur Rahman  
CEO, Eco Expo

## Dyestuff & Color
